BIO

I spent my formative years growing up in a beautiful coastal village in Northern Ireland before moving to England to study and graduate from

Muna British Academy is a happy, successful English National Curriculum primary school in the heart of Abu Dhabi.

Sheffield Hallam University. Prior to working at Muna, I have been privileged to hold teaching and leadership roles in schools in England, Kuwait and The UAE.

Since arriving at Muna in September 2020, I have been overseen the development of our pastoral care programme and have ensured that high quality teaching is taking place throughout the school. I have always been passionate about ensuring that school is a safe and welcoming place where children enjoy coming. It was a great honour to be appointed principal of this wonderful school in January 2024 and I will continue to work hard to ensure that every child feels valued and has the opportunity to develop as both a learner and a person.

Outside of school, I spend my free time with my wife and three children. At the weekend I enjoy watching my favourite football team play and when time permits it, playing squash and hockey. Over the coming months and years, I look forward to developing positive relations and getting to know all of the students, their families and the wider Muna British Academy community.

THE CURRICULUM

The English National Curriculum is among the most in-demand study options in the world, respected for its high academic standards and focus on developing confidence and individual thinking. The learning pathway is delivered through enquiry or 'projectbased learning', a method of teaching which inspires a love of learning and deepens a student's knowledge by challenging them to complete realworld tasks. In this way, the English National Curriculum is

considered to be one of the most engaging of all.

The teaching of Arabic subjects is based on the guidance and materials prescribed by the Ministry of Education. It keeps local and other native Arabic speaking and Muslim children familiar with their national identity and religion. In addition, our international students gain an understanding of the UAE's heritage which helps enhance mutual understanding, peaceful co-existence and cross-cultural harmony and tolerance.
